We would like to say a special thanks to Albert Sylvestre for allowing us to use his photograph for the front cover "01/01/01."

Title: 01/01/01 @ 07:35

Spirit of a Community

"I photographed the Second Meeting House of Rindge, NH which was constructed in 1796, on the first of January 2001, at the time of Seven Thirty Five."

"It depicts the *Spirit of a Community*, in that the Meetinghouse is jointly owned by the Town of Rindge, and the First Congregational Church of Rindge."

"The Smith Pavilion was a gift from a summer resident, Mr. & Mrs. Smith, to the Town of Rindge"

"In the foreground is an antique lamp post, one of 6 that ring the Town Common. They were also a gift to the Town of Rindge, by a group of Civic Minded Citizens, the R.A.M.S."

SELECTMEN OF RINDGE, NH

Vision Statement from the Community Profile

Rindge is a community committed to managing the balance between the collective vision of its residents, the dictates of its environment, and its commercial needs. We will accomplish this by relying on individual diversity and active participation of all community segments in preserving the town's natural assets and small town, rural flavor.

Mission

We demonstrate commitment and support of our vision for the community, its natural resources, commercial, residential, and environmental needs by...

- Encouraging each member of the community to participate in and support town committees, organizations and their related activities.
- Providing activities for a wide cross-section of our community that promote inclusion discussion, and communication, including periodic forums such as the Rindge Community Profile.
- Conserving and managing our natural resources through the thoughtful and deliberate support of updating our Master Plan, consistent implementation of Town Meeting decisions related to zoning, conservation and other related activities.
- Supporting and encouraging the development of locally owned farms, businesses and cottage industries through local incentives, information exchanges and exhibits.
- Preserving and promoting the history, lore, traditions, and arts and crafts of our community.
- Planning for the growth and development of quality services to support our community such as education, social services, fire, police, highway, and recreation departments.
- Establishing and maintaining a cooperative open partnership between business, civic, non-profit, religious, educational, and town interests through regularly scheduled opportunities for dialogues.
- Continuing to foster business development by proactively attracting businesses and industries that will work in a cooperative partnership with the town.

Mr. Tower announced that before the warrant articles are discussed, the selectmen and The Fire Chief wanted to make a special presentation. Benson Walen stated that this was the first year for the Emergency Responder of the Year Award. The requirements for this award are: Must be a member for one year, active in training and emergency response, represents the town in a professional manner, active in the community and strives for personal and professional growth. The award was presented to Dale Norby, who has been a member of the Fire Department since 1992, has always striven for personal excellence, has been responsible for the management of the department in the absence of a Fire Chief, responds to most emergency calls and fires, schedules and performs on-going EMS Training, and performs annual re-certification in CPR for department members. She has personally completed and has become certified as a Intermediate Level Emergency Medical Technician. Mr. Walen and Chief Christopoulos then presented the award to Dale with great applause from the audience.

ARTICLE 3: To hear and act upon the reports of the Selectmen, Town Treasurer, Town Clerk, and reports of all agents, committees and officers hereto chosen.

Article 3, was presented by Michael Whitney with a seconded.

Report of the Selectmen

The Year 2000 has come and gone and again experienced many changes.

Police Department

There has been a much-needed change in the administration of the Police Department and the Board made some difficult decisions in the interest of public safety and legal obligations. In an effort to provide an objective look at the department, the Board of Selectmen hired Municipal Resources,

Inc. to review the department in a much greater depth than during the previous town-wide review. Copies of this report are available at the Town Office.

We have moved away from the cloud that hung over the Police Department, and there appears to be light at the end of the tunnel. In October, after interviewing with a panel of respected citizens, a professional review, and interviews with the Board of Selectmen, Joe Collins of Keene, and a former Franklin Pierce College student took over the department. With our former Town Administrator's efforts to apply for grants from the federal government, we are now participating in the Regional Prosecutor program with Jaffrey, Peterborough, and Dublin. In addition, the Board envisions greater community relations, and an "open door" police department that will enforce the laws while protecting the rights of all victims.

Fire Department

We have witnessed great growth of our department in the past year, and would like to thank Chief Chris Christopoulos, Jr. for all his hard work and efforts to provide professional services in the Fire Department. The department is also providing in-house training for Firefighter I, which not only benefits our own personnel, but those of neighboring communities.

Highway Department

If the Board of Selectmen could give out a "star" rating for departments, this year's five star rating would have to go to the Highway Department. The level of service to this community has steadily risen over the years and we wanted to take the time to thank all the Highway personnel for their hard work.

A special thanks to:

Bruce Berry, Road Agent
Michael Cloutier, Sr., Foreman
Robb Anderson

Jeff Albert
Richard Cloutier
Rob Knight, Jr.

Recreation Department

During the year 2000, the Summer Camp program had record numbers, and we welcome the assistance of Peggy in the Recreation Office. Our Director, Todd Souza has provided and increased level of programs for all ages at a cost the rivals our neighboring communities. Great Work, Todd, Keep up the hard work.

A special thanks goes out to each department for their consistent hard work and dedication to our Town. We will miss those who left us during the year, with the greatest loss coming in the departure of Carl Weber. We thank you for your continuous hard work and unprecedented dedication that was instrumental in the hiring of quality personnel and working with the Board in making Rindge a better and safer place to live. Good luck Carl, and Godspeed.

We also want to welcome our newest addition to the Town Office, Edgar Gadbois, and Rindge Town Administrator.

As this year draws to a close another exciting year in Rindge unfolds, we leave you with a quote from John C. Calhoun, in a speech on February 13, 1835:

"The very essence of a free government consists in considering offices as public trusts, bestowed for the good of the country, and not for the benefit of an individual or party."

We hope we have served you well, despite the somewhat difficult decisions we have been obligated to make this year on behalf of the Town of Rindge.

Respectfully submitted,

Michael J. Whitney

Rindge Board of Selectmen

Report of the Town Administrator

At this time I would like to take the opportunity to Thank the Board of Selectmen for giving me an opportunity to work for the Town of Rindge as its Second Administrator. To the Town Employees, citizens and volunteers of the various boards who have been very helpful to me in my transition to the Town, Thank You.

Because I was not involved with the Town during the year 2000, it is difficult for me to comment with any depth about the happenings that took place in the local government. However, since I was informed of them, I will comment briefly.

The annual Town Meeting had a major incident, the arbitrary reduction of the budget by \$106,000, arbitrary decision can cause difficulties, but in this case the town seems to have dealt adequately with the issue.

There was an unfortunate situation where a long-term Police Chief had to be removed from office. The case is in the courts and hopefully it will be adjudicated and whatever the outcome, it is best that the town continue to look to the future and forget this unfortunate part of the Town's history.

The Selectmen have brought to my attention, some issues in which they have asked me to address in the coming year, these issues can be divided into two parts, short-term and long-term.

Short-Term Issues

1. The reorganization of the front office staff and the hiring of a replacement for the now vacant position of Secretary to the Board of Selectmen and Town Administrator
2. Finalize the FY 2001 Budget
3. Prepare a wage and classification plan, comparing it to other similar size towns.
4. Repairing the Town Meeting House
5. Prepare a recommendation on the topic of a new Town Garage before the next Town Meeting

Long-Term Issues

1. Begin the process to find a solution for some senior housing units along with a Community Center.
2. Research the issue of resolving the lack of adequate quarters and space for a Police Station.
3. Address the issue of dealing with long-term growth and economic development.

The above list of projects are by no means the only issues facing the town, but it is a beginning and I look forward to working with the Town Employees, Various Boards, Citizens and the Board of Selectmen in addressing these items during the coming year.

Edgar Gadbois

Report of the Budget Advisory Committee

As we adopt the operating budget at the annual town meeting, it is important to understand that it is the bottom line that we hand over to the Board of Selectmen. The voters can only ask that the Board of Selectmen try to use as much restraint as possible when they have to cut the bottom lines of one or more departments to meet the untimely expense of another department.

When the budget is prepared, it is important that the Board of Selectmen take a close look at the revenue side as well as the expense side of the budget. The Board of Selectmen should try to keep this estimate realistic and, if you have to error, do so on the side of underestimated revenue. Better to have some added surplus than to come up with a shortfall.

The year 2000 began by town voters reducing the budget at town meeting by \$106,421.83. Each department bore the brunt of further reductions to an already lean budget, but none more than the Highway Department. Those living along dirt roads faced a decline of services, and the budget for resurfacing of existing roads was cut almost in half. Those are but some of the sacrifices that departments had to make.

What voters failed to realize was that the surplus that the town accrued, could not be transferred to the operation budget and spent by the town. Therefore, the vote to reduce the budget resulted in a reduction of the bottom line of the operating budget without the means to add to it. The Board of Selectmen were forced to reduce expenditures in 2000, and they must replace the funds in the budget of 2001. It is hoped that this year, with surpluses at their lowest level, town voters will have the wisdom to make a more realistic appraisal of the situation.

By far the largest increase in this year's budget comes in the Police Department where the new Police Chief needs to attract, train, and retain qualified officers with a competitive pay scale and operating funds.

The need to retain the best possible employees in essential jobs influenced the operating budgets in most of the town's departments, and this year's budget reflects needed salary increases in all areas.

The Budget Committee recommends that the town make a study concerning a systems including job descriptions, salary, and wage parameters for each level of each position. It is our contention that managers and staff, including town officials, would be better able to serve the community with a clear-cut program.

Another area of concern is that of the increased cost of our solid waste. The contract to haul our solid waste will be increasing from \$75.00 per ton to \$110.00 per ton when our

contract runs out in 2001. This increase must be sustained by a substantial rise in the Solid Waste Budget, which will affect every taxpayer in town.

For the first time in Rindge's history, the town faces serious bond issues in the near future. The possibility of a bond to build a new high school could dramatically raise taxes over \$200 per hundred thousand home, and a bond to build a new Highway Barn/Solid Waste facility is also being considered. The need is there for both facilities, but it is of the opinion of the Budget Advisory Committee that further research and planning must be accomplished before active support can be given. With the town growing as it is, sound decisions must be made before we commit ourselves to long ranged projects without detailed plans made. The town selectmen, administrator, planning board, and the possible advice of a town planner must review all aspects of the proposals and only then offer those projects to be considered by town meeting.

Tied in with the growing needs of the town is the necessity of having a sound Capital Reserve Fund that reflects departmental concerns for the future. A Capital Reserve Fund is the town's savings account for equipment and projects and ensures that each department has the means to service the town with the best possible equipment to perform their tasks. To provide these funds, we must have an up-to-date Capital Improvement Plan, which balances town needs against rising costs. Without this CIP, we are groping in the dark and just reacting to emergencies as they appear instead of planning for them in advance.

The Budget Advisory Committee met at least monthly throughout the year and weekly during the last several months of the budget process. Members met individually with department heads to review their current and future needs. The committee believes the increases in certain areas are necessary, and supports the total operating budget as proposed.

The committee believes that the town is fortunate to have such a high degree of dedicated employees at all levels, but they can only provide those services if we support them through the budget, and by giving them committee involvement. Many committees need your help, please just ask. Let's make Rindge a community of doers, and not be just complainers sitting on the sidelines and second-guessing what others do. It takes involvement to make a difference.

Report of the Planning Board

Rindge continues to be a popular area for development and local businesses are achieving great success. Non-residential activity dominates the Board's schedule with new businesses locating in town and existing ones expanding. Applications for subdivision are at a slower pace as land is becoming difficult to subdivide due to lack of road frontage. Therefore we can expect the future will be bringing developments

involving larger subdivision's which will include new roads.

The Board's work load increased significantly over last year as the Town develops residentially and commercially. They met thirty two times, holding twenty-three formal hearings, five work meetings and two zoning hearings. During those meetings, ten minor site plans, nine minor subdivisions, one major subdivision, five technical subdivision and three land mergers were approved. Only nine new building lots were created by the subdivisions.

Accomplishments achieved over the past year included plans for a car wash, automotive dealership, an expansion to the Boat Store, a Tire Warehouse, a concrete business, and two cellular towers and an update of the Construction Materials section of the Master Plan. The expert services of Southwest Regional Planning Commission was utilized on several occasions and the Board has benefited greatly by being a member of that commission.

The Board also approved two cellular towers, one on Thrasher Hill and one on Route 202. Because Thrasher Hill is located in the Village Common extra attention to detail was observed. The applicant proposed a stealth design disguised as a flagpole and it proved to be an attractive and positively received addition to the common. Pictures were requested by the Office of State Planning to be exhibited with other examples of creative alternatives to towers.

Opposition to the Tire Warehouse location on Route 119 prompted an appeal to the Board of Adjustment in July.

In March John Vorfeld was re-elected to another three-year term, along with newcomer Dr. Gerald Parker. Vorfeld, who had been Chairman for many years, decided to step down from the position in September and opted instead to sit as a regular member. Katie Duffy was then elected to the Chair and Tim Halliday was elected as Vice Chair.

Also in March voters approved all of the zoning changes proposed by the Planning Board, which included the new Wetlands Ordinance drafted by the Conservation

Commission. Most of the proposed amendments were housekeeping type items that clarified existing rules and regulations.

As the new year is upon us we look forward to a prosperous future.

Report of the Board of Adjustment

The Board of Adjustment or Zoning Board of Appeals is a board appointed by the Selectmen to give property owners to get some relief from the zoning regulations. If the request is for a Special Exception, the zoning ordinance has some built in relief. If the request is for a Variance, the property owner is asking the town to put aside the ordinance and let them do as they please. A Variance is very difficult to obtain and must have some very unusual circumstances including a hardship relating to the property itself.

The Board held thirteen meetings during the year and went on one site review. They hear 40 requests. Three requests for Variances were denied and one was granted. Five requests for expansions of homes or a business were granted by way of a Special Exception to Zoning Article IX, Section C. The board decided Franklin Pierce College could replace their entrance sign but off premise signs requested by the Rindge Chamber of Commerce would require a change in the sign ordinance.

Two home occupations were allowed and two Equitable Waivers of Dimensional Requirements were granted. This excuses violations of setbacks that were previously made. The building of a Tire Warehouse was denied and case is now being heard in Superior Court.

The State has enacted RSA 671:41 that states anyone building on a Class VI or private road must come before the Board of Adjustment to get a building permit. They must also sign a waiver not holding the Town responsible for road maintenance or fire protection. 21 requests heard were for these. All were granted.

In March, Redvers White was elected Chairman with Richard Mellor as Vice Chairman.

The Board is looking for a concerned citizen to become an alternate. Anyone interested should speak with the Selectmen.

Meetings are held the fourth Tuesday of each month. Applications are available at the Town Offices and are due back by the second Tuesday of the month.

Report of the Conservation Commission

The Rindge Conservation Commission (CC) strives to monitor and protect the natural resources of Rindge. Its members review dredge & fill applications and make recommendations to the Rindge Board of Adjustment, Planning Board, Selectmen, and the N.H. Department of Environmental Services.

Activity Highlights:

- * Wetland permit application reviews & violation reports
- * Pursuit of conservation land acquisition & related funding efforts
- * Conservation land & Easement holdings management
- * Natural Resource Inventory development

Our efforts this past year to acquire a 104 acre parcel of land bordering Old Danforth Rd. for conservation purposes was thwarted at the last minute when a private abutter bought it instead. This disappointment will not be as likely to be repeated in the future however, since the Conservation Fund has accumulated sufficiently by means of the remainder of last year's logging project and additional Change of Land Use Tax revenue. This fund is immediately available to bind any prospective deal. Of course, should future conservation land acquisitions require substantial additional funds, we would have to bring the matter before the Town Meeting for financial resolution. In anticipation of such an event, although not for any specific parcel at this point, we have proposed a Warrant Article to set aside \$25,000 in a Land & Easement Acquisition Capital Reserve Fund. If approved, over a few years, the Town will be enabled to achieve major conservation goals while minimizing the budgetary impact for any single year. In the mean time, another opportunity was brought to us that we expect will result in our Town Forest on Old Danforth Road growing from 26 acres to 106 acres! An 80-acre land locked parcel that abuts the back of our forest has been bought by a commercial logging firm. They have approached us for a right of way through the Town Forest to haul out the harvest. As it stands now, the Commission has agreed, with the condition that in 18 months or at the completion of the logging operation, we will purchase the land for around \$20,000. This money is currently available in the Conservation Fund and no additional taxes need be raised. While, there won't be much forest left on this parcel by the time we get it, it will grow back and add substantially to the existing Town Forest. Meanwhile, we will have a half mile navigable road to it and Old Danforth Road will gain some improvements in the process as well.

We continue to compile Natural Resource Inventories for Water, Forested Land, and Protected Land. We are actively seeking interested manpower to move the project along, take actions appropriate to our findings and proceed with additional resource categories. We hope to work closely with SWRPC this coming year to help package these efforts so that through publication and display, the public may be better informed. We hope to show you clearly how Rindge's natural resources currently stand, their strengths, where and how they may be threatened, and what some of our choices for the future may be. More participation from the community can only make us more responsive to that community. Please join us.

The CC meets on the 4th Wednesday of each month at 7 PM at the Town Office Building. Interested public is invited and encouraged to attend and become involved with our efforts.

Report of the Highway Department

As the Town of Rindge grows in population, Public Works must adjust to meet the changing needs. Roads built years ago to sustain the weight of car traffic now regularly see large construction and delivery trucks. Road base material, the keys to any successful road require upgrading and improving.

Over the last several years, we have improved the road base on many dirt roads with crush gravel. Processed stone has improved the soft spots from spring thaws. Budget cuts did not allow us to implement a new program of summer dust control. We hope to implement this next year.

We continue to address issues brought forward in the 1989 Southwest Regional Planning report. This year we worked on widening some dirt roads and will continue this process.

Drainage and signage issues dominate concerns from Rindge residents. This becomes a constant adjustment between needs and financial restraints. This year we were able to improve four drainage sites brought to our attention by residents and improve several others during road renovations. Signs are changed and improved when time allows. New sign requests must be brought in writing to the Board of Selectmen. This can be done directly or through my office. Signs on town roads must meet federal requirements set forth in the "Manual on Uniform Traffic Control Devices" (MUTCD).

This year we installed 1720 feet of culvert pipe. This represents an increase of 340' over last year. We also installed eleven catch basins to improve roadside drainage. We installed six in 1999.

Larger tree removal requires specialized equipment. Fortunately the municipality can take advantage of contract prices awarded to PSNH. Public Service of New Hampshire has been a big help with expenses where power lines might be in jeopardy. We paid for thirty-one hours of tree service equipment this year.

Between budget cuts and increased expenses, this was a challenging budget cycle. All the following items are purchased either by town competitive bidding or by using the state bid pricing system. Asphalt increased by \$4.00 per ton, culvert pipe increased \$.50 / foot for our most popular size and more for others. Diesel fuel had the greatest impact with an increase of \$.62 per gallon and gasoline wasn't far behind. Winter road salt increased \$.79 per ton. We were able to realize small savings on winter sand by getting the bid package out one month earlier.

Synopsis of Work Projects of 2000

Roads listed within the first grouping are roads reconstructed this year. The trees were cut back, the roads were ditched. We changed the location of the intersection of Hubbard Hill Road and Main Street along with excavating the shoulders of the hill to improve drainage and line of sight. Culverts were changed, and crush gravel was added (within the capabilities of our equipment) to the road base. Our paving contractor laid out two inches of $\frac{3}{4}$ " base asphalt and one and one half inches of $\frac{1}{2}$ " asphalt top. We improved the shoulder with our new cross conveyor and crush gravel.

J.P. Keating again was the successful bidder for grinding, and paving. They put down 2974 tons of asphalt on four roads. This represents a decrease of over four thousand tons from last year. Bid prices this year, reflect the increase cost in crude oil. Additional drainage and material expense offset some of the tonnage and budget cuts are responsible for the rest.

Hubbard Hill Road	4528' X 21'	Hughgill Road	800' X 21'
Paradise Island Road	800' X 21'	Main Street	1500' x 22'

The crew removed over one thousand yards of poor drainage clay type material from the northeast side of Paradise Island Road and replaced it with 1 $\frac{1}{2}$ inch drainage stone and culvert pipe spanning a distance of over five hundred feet. This procedure should keep water from seeping into the road base.

Spread between dirt roads and reconstructed roads we purchased and used 2220 yards of crush gravel.

This year we improved drainage issues on:

Main Street, Middle Winchendon Road, Old New Ipswich Road, and Old Jaffrey Road.

We improved sections of the following dirt roads:

Cross Street	removed some ledge, widened it and improved the visibility some.
Lord Hill Road	started the process of widening the hill, this will continue next year.
Old Jaffrey Road	built a turn-a-round at the end of the class 5 section. This eliminates the need to use a private driveway.
Goddard Road	cut trees on the hill in preparation of widening the road.

Several culverts outside of our planned maintenance program failed this year and needed replacing. They are listed below:

Old New Ipswich Road, Main Street, Old Jaffrey Road, Goddard Road, and Common in the center of town which included two catch basins.

Because, you the voters have supported equipment improvements over the last several years, the Highway Department has been able to deliver improved services to the Rindge taxpayers. As this town grows, and we continue to work together, we can keep pace with the needs of the community.

Highway personnel constructed a two bay sander sling on the west-end of the highway barn. This allows two sanders to hang suspended from the beams and we can quickly convert a dump truck into a sand truck. Secondly, when all the sanders are mounted, it doubles as cover from the elements for two of our plow / sander trucks that must remain outside all winter.

The engineering firm of Hoyle, Tanner & Associates from Manchester was selected through a process of qualification bidding. State funding for the North Street Bridge is projected for 2002-2003. We are moving forward with the first step in preparation for that funding.

Maintenance Technician

For several years Selectmen, Budget Committee members, and myself have discussed the advantages of an employee assigned to building maintenance. A position was included in the 2000-year budget and we hired a Maintenance Technician who started the last week in April. The wisdom of the Selectmen and Town Administrator not to make that position part of the budget cut should be commended. The dividends should be obvious and the breakdown of time spent on various buildings or department is as follows:

Police Station – 175.5 hrs. Highway Barn – 105 hrs Transfer Station – 124.5 hrs.

Library – 123 hrs. Town Offices – 115 hrs. Wellington Field – 225 hrs.

Fire Station – 38.5 hrs. Town Hall – 79 hrs. Gazebo repairs – 24 hrs.

Mowing Commons and Cemeteries – 23.5 hrs. Highway work – 128 hrs.

Parks & Playground trash pick-up – 16 hrs. Plowing parking lots – 47 hrs.

Preventative building maintenance will improve our whole infrastructure and in the long run save tax-dollars.

Transfer Station

Each year I use this forum to remind taxpayers, this is one area that you are in control. Disposal of municipal solid waste (MSW) is expensive in New Hampshire. Unlined landfills are closing to meet Department of Environmental Standards. There are as few as twelve large facilities that meet DES standards in New Hampshire. Some of our MSW has gone as far away as New York landfills.

The town is in its last full year of our current contract, without major changes in Concord, we will never see tipping fees (term used for disposal expenses) of \$74.75 again. We put out to bid a new three-year contract in December and our new rate effective in June of 2001 will be \$110 per ton.

Recycle and minimize your MSW, your part may seem insignificant, but it adds up. Recycling went mandatory by a vote of the town in 1993. Attendants are instructed to inspect bags. Believe me, bag inspections are not the high point of their day. The proposed 2001 solid waste budget is up over 24% and most of that is MSW contract increases. We must recycle everything possible. Its your tax dollars!!!

Shortly after last town meeting a Solid Waste Task Force was created to look at our facility and make recommendation for the next budget cycle. The committee published a report and included seven recommendations. Six are planned for the 2001 budget cycle and we have withdrawn one. Anyone wishing a copy of the report should contact my office.

The bottom line is “ The Solid Waste Task Force strongly supports recycling, and is looking at all ways to stabilize or reduce MSW in Rindge”.

At this writing a Household Hazardous Waste date has not been set. I will try to book the second Saturday in June (which has been our usual date). Look for announcements as the date gets closer.

Care and Maintenance of Cemeteries and Parks and Playgrounds

Over the last several years, with our robust economy we have had difficulty employing summer staff to fill the mowing positions. This year we were fortunate enough to find two young men for mowing. The outcome spoke for itself. I got many complements for how improved the grounds looked. As is the case with all my staff, the credit goes to the employees.

Short-Term Goals

Find housing for all equipment and staff.

Finish the improvements started on Lord Hill Road.

Start improvements on the dirt section of Goddard Road.

Continue the program of adding crush gravel to our dirt roads and introduce some calcium chloride to them for dust control.

Continue with culvert and drainage improvements to include but not be limited to replacement.

Double the size of our very successful loading dock at our Transfer Station allowing us to take advantage of better recycling markets.

Long-Term Goals

Improve and maintain all of our equipment to better serve the taxpayers.

Continue with our Road Service Maintenance System (RSMS) to better control reconstruction needs.

Work with Southwest Regional Planning Commission on a long-range road plan.

Continue to improving and upgrading Highway and Transfer Station equipment to include the addition of a larger dump truck to our fleet.

I wish to thank the members of my department for the talent and hard work and other departments and boards for their cooperation and assistance during the past year.

Report of the Police Department

Town of Rindge

Police Department

Annual Report

2000 Ford Explorer 4 x 4 Police Vehicle

It is indeed an honor to assume the position of Police Chief for the Town of Rindge. I want to thank the various members of our community who were part of the selection process and afforded me this opportunity to serve the residents of Rindge.

Although recently appointed as Chief, I have come to realize that the Rindge community is ready for the future; it is ready to move on, and meet the new challenges of the coming year. Many have watched this town grow into a stable, safe and viable community in southern New Hampshire. My philosophy as your new Chief is simple. I want to provide the most professional, proactive and progressive policing to the town. I am committed to ensuring that this police department meets the requirements and standards mandated by the State of New Hampshire. I also recognize that this mission must be accomplished while flavoring our goals and objectives with the true New England fashion, which is sacred to so many in this area.

Rindge Police Department Mission Statement

Our primary Mission is to enforce the laws of society, maintain order within the community, protect life and property and to assist the public at large in a professional manner consistent with the rights and dignity of all persons as provided for by law under the constitution of the United States and the State of New Hampshire.

Since my appointment in October, much has been done in the revitalizing of the Police Department. This is being done not only to bring the department into compliance with mandates, but also to build a team of dedicated employees, who continue to have your safety and

protection at the core of their objectives. We want everyone who lives, works, school's or visit's Rindge to know that the police department is a service orientated entity, ready to act in accordance to the needs presented. This is by no means an easy task. To accomplish it, we must look at the departments past, present and future. This "big picture" approach enables us to examine and correct our critical needs, while instituting plans for the future accordingly and fiscally.

The plans for 2001 will be accomplished through partnerships. The police department is committed in establishing realistic and plausible partnerships with community businesses, local school organizations, civic organizations, area law enforcement agencies and the Board of Selectmen.

The first step in the overall plan for the police department is to get a realistic view of what has taken place during the past year. What exactly

occurred or happens in town? In effort to remain brief, while providing a complete picture of the year 2000, I have inserted graphs to highlight the various aspects of the police department's deployment statistics for 2000.

Calls for Service

Calls for service includes all calls received by the department, through dispatch or initiated by the officer themselves, which required police service to be taken. The total calls for service for the year 2000 was 4149 (870 Animal complaints/ Animal Control Officer calls for service).

This is broken down monthly to show the frequency of the calls for service

Rindge Police Calls For Service

Beyond the month of November, it appears that the calls for service remain primarily consistent through the year. Part of planning when it is best to have additional coverage for the town, we looked at the time of day that officers were taking police reports and when arrests were being made. This is illustrated through the two pie charts shown below.

Criminal Complaints/ Case Reports Taken

The Police Department filed 177 case reports for the year 2000. These ranged from crimes against property and persons, police information, police intelligence and general reports.

Incidents/Criminal Reports Time of Day

The Police Department made 329 arrests during the year 2000. The time of day for these arrests appeared somewhat consistent in the times reports of crimes occur. The graph below demonstrates the time of day the arrests were being made.

ARRESTS MADE Time of Day

Of the arrests made in the department, the Rindge officers made 155 on-view arrests, 34 arrests by warrant, and 140 arrests by summons. These arrests included 13 protective custody incidents and 5 juveniles were taken into physical custody.

Type of Crimes/Incidents Handled

The types of crimes, which occur in the Town of Rindge, include both property crime and personal crime. Throughout the year there were 570 offenses committed in the Town of Rindge, with 39 of those being of felony level crimes. Sadly, alcohol was involved in 60% of these offenses. We have broken down the offenses in to aggregate categories in the following chart:

Motor Vehicle Related Incidents

Part of the police department's strategy is a proactive and highly visible motor vehicle enforcement program. Statistically it has been found that an aggressive motor vehicle enforcement program deters criminal behavior, lowers traffic related deaths and provides for high visibility for law enforcement. This goes well beyond issuing tickets.

We will continue to balance the needs of the community and taper our enforcement accordingly. Rindge joined a national traffic program to promote the use of seat belts with children and young adults. We will seek federal assistance in the year to come, for special enforcement details, such as seat-belt awareness and the apprehension of impaired drivers. It is up to all of us to drive with care and never drive while impaired. We hope our efforts will diminish the amount of traffic accidents, as we had an alarming amount of 84 reportable motor vehicle crashes, most of these involving personal injury. Other related motor vehicle incidents included:

- ◆ 31 DWI Offenses
- ◆ 121 Traffic Offenses
- ◆ 751 Warnings issued
- ◆ 726 Summonses issued

This is a complete look at the year 2000. What then is the police department currently experiencing and what are the immediate needs and goals of the department as we transition into the year 2001?

Current look at the Department

As many of you know, our police department is relatively small. We have the authorized level of 7 full time officers (including the Chief), three part-time officers, full-time secretary and Animal control officer. Since my hire the department has had two vacancies. We are now faced with an additional vacancy in January of 2001. Deployment for this agency is in a critical period. These voids are being felt. Because of the staffing shortages, we are unable to offer those additional services to enhance our community policing commitment. We are now forced to concentrate largely on providing adequate around the clock patrol shifts. The shortage of officers is being felt by many police agencies. Increased recruitment from other higher paying agencies, retirements and more departments taking advantage of the COPS More grant program from the federal government, coupled with noncompetitive salaries and benefits, the pool of qualified officers for Rindge has become scarce. We have made recruitment a priority in the beginning months of 2001. We hope to hire two to three full-time officers as well as two part-time officers to ensure coverage of the town. We must, together, face this continued dilemma. Rindge must become increasingly competitive to seek out and retain professional and qualified applicants.

We are participating in a regional testing process for police officer candidates. By having a complete and comprehensive selection process, including written examinations, physical agility tests, medical examinations, background investigation and the use of the polygraph, we

will be able to select the best officer for our town. We anticipate this current process to be completed by the end of February.

I will be working with the Board of Selectmen and the Town Administrator in the coming months to look at the salary and benefit package currently offered to our officers. My proposals will include incentive programs for experienced employees, specialized training incentives, educational incentives, emergency medical certifications, and proactive training programs for our officers. This program will complement our current performance based structures in place. The bottom line is that we can give our employees the incentive to become more experienced and qualified, while benefiting from their new qualities. The solution is simple. Better training, more efficient practices and a good salary and benefit package will help us attract, select and retain qualified officers.

As of January 1 2001, Rindge joined with Jaffrey, Peterborough and Dublin's regional prosecutor program. This federally supported pilot program, highly praised throughout the state, allows us a qualified attorney to prosecute our cases at the district court level. The complexities of prosecuting increase all the time. Sharing in the regional prosecutor program frees up our officers considerably to patrol and participate in community-based policing. It is cost-effective and professional and allows for one of our full-time positions to do exactly as we intended and that is to patrol our streets.

Another such federal program that we have participated in is the purchase of bulletproof vests. Our continued participation will ensure that our officers continue to have that line of defense, while minimizing the overall purchasing costs to the town. These grant programs allow police departments to purchase equipment while facing budgetary constraints.

In addition to our deployment-related issues, we have accomplished many of the recommendations set forth by the Board of Selectmen and the MRI report filed during 2000.

The police department has now become UCR (Uniform Crime Reporting) compliant. By completing this process, we are now eligible for State funded programs, to include training and prevention in the areas of Child Abuse and Domestic Violence.

Many of the State aided programs are distributed based upon the departments reporting. We now have a secured evidence room, which will ensure quality control of evidence seized and to maximize our ability to convict offenders. The department has a working and living policy

manual, which provides officers with operational guidelines to ensure consistency in the delivery of our services. We have revamped many of the departmental forms, which will ultimately streamline some of our reporting processes and improve documentation. We have supplied our current cruisers with basic tools needed in the field and we have changed the uniforms to instill pride among the officers and project a professional image. We have taken a proactive approach to training, to ensure our officers are not just meeting the required minimum in-service training hours, but to develop our employees into well-rounded professionals. All of these programs and improvements have taken place with little impact to the operational budget of the department. Our proposed budget for the year 2001 has been carefully thought-out to ensure that we keep these implementations in place and to facilitate the priorities of the year 2001.

Year 2001 and beyond

Beyond personnel, one of the critical needs of this agency is the reporting system. Currently we have only one computer, which allows officers to file reports and document arrests. This is located in the "records/dispatch" area. Quite literally, if a report needs to be written during the day, the secretary has to leave her area and only then can the computer be used by the officer. This has had an adverse effect on productivity. It is nearly impossible to imagine six full time employees with access to only on PC system. As requested through a warrant article before the town, we will be able to upgrade our software and hardware, which will network three computers and enable us to now input database, which was manually maintained and recorded. The upgrade will dramatically improve services and decrease overall costs in records management.

Our vehicle fleet is improving and we anticipate with the leasing of a 2001 Cruiser we will have the necessary vehicles to provide patrols to the Town. Our oldest vehicle in the fleet was refurbished 1999. This vehicle can still be effectively utilized for administrative duties, such as investigations, administrative details, training and low profile deployment. Our 1998 cruiser with over 140,000 miles will be used for details. The revenues from the details will offset the costs of repairs and maintenance. Our newer vehicles are under warranty, so the overall cost of maintenance for the fleet should decrease. We must remember that our cruisers are in a sense the "police station" on four wheels. The officers should have safe and reliable vehicles with the necessary equipment to handle the situations, which they will face.

As we look into the future, it is my intention to establish a five-year plan, which include continued participation in the COPS More program, which allows us to hire and fund a police officers position for three years with federal grant money. The Town of Rindge is growing, and the police department must be able to meet the needs of that growth and demand on services. Based upon realistic statistical analysis, it will become necessary to increase the authorized level of personnel for the police department. If we utilize federal grant programs over the next three years, we can offset the costs of these additional positions while achieving our personnel needs.

Future capital improvement plans will also show plans for a new police station. Although this is in its infancy stages, we must look beyond the next few years and plan for overall improvements in facilities.

I will be working closely with the Board of Selectmen and the Town Administrator in these future plans, so we can all ensure that the town delivers effective and quality service to future generations.

I ask each member of this community to support the police department's effort in keeping Rindge safe. Your partnership with the police department will guarantee our success in providing quality service to the town. My staff and I look forward to providing the best service we can to the Town of Rindge.

Rindge Fire Department Annual Report

January 16, 2001

Mr. Edgar Gadbois, Town Administrator
Town of Rindge
49 Payson Hill Road
Rindge, NH 03461

Mr. Gadbois:

The following pages reflect the annual status report for the Town of Rindge Fire Department. 2000 marked another busy year for the Rindge Fire Department. At years end we saw that our call volume had risen by over 45% to 493 calls. The resignation of full-time firefighter Tim Labonte has left a void. With good fortune, this position will be filled prior to annual town meeting. This loss has been felt throughout the department and some mandated fire safety inspections have been placed on hold. Additionally, the Rindge Fire Department suffered a slight reduction in call manpower. Looking at the next few months, I have several candidates for call firefighter and call EMS responder positions. This should bring our total membership to 30 people.

The Rindge Fire Department celebrated its Seventy-Fifth Year of service to the Town of Rindge in the Year 2000. We look forward to the many challenges that face the modern fire service today. With the continued support of the community, the Rindge Fire Department will remain a progressive and modern fire department.

Goals for the Year 2001

- ☐ Continue to provide rapid and safe response to all emergencies.
- ☐ Increase the number of Certified Level I Fire Fighters.
- ☐ Train & Certify **all** members in the use of Automatic External Defibrillators. (Scheduled for February 2001)
- ☐ Remain a highly visible organization in the community.

- ☐ Continue to provide Fire Prevention and Education Programs to the citizens of Rindge.
- ☐ Provide Free Home Fire Safety Inspections to all citizens of Rindge.
- ☐ Develop and maintain a Master Plan for the Rindge Fire Department.
- ☐ Develop both Long and Short Term goals for the Rindge Fire Department.
- ☐ Develop a water supply plan for the Town of Rindge.

I would like to personally thank the community of Rindge for their support of the Rindge Fire Department. Additionally, I would like to thank the officers and members of the Rindge Fire Department for their professionalism and dedication to the protection of the Town of Rindge and surrounding towns.

Sincerely,

Chris Christopoulos, Jr.

Serving the Community Since 1925

Mission Statement

"To protect the citizens of the Town of Rindge from emergencies and disasters through aggressive fire suppression, emergency medical response, hazardous materials emergency management, fire prevention and public education, and pre-emergency planning."

PERSONNEL

1 Full-Time Fire Chief, 1 Full-Time Firefighter/EMT, 6 Call-Firefighter/EMTs, 4 Call EMTs, 6 Call Firefighters and 5 Franklin Pierce College Temporary Call Firefighters currently staff the Rindge Fire Department. Additionally, Mutual Aid provides other personnel and equipment from surrounding communities.

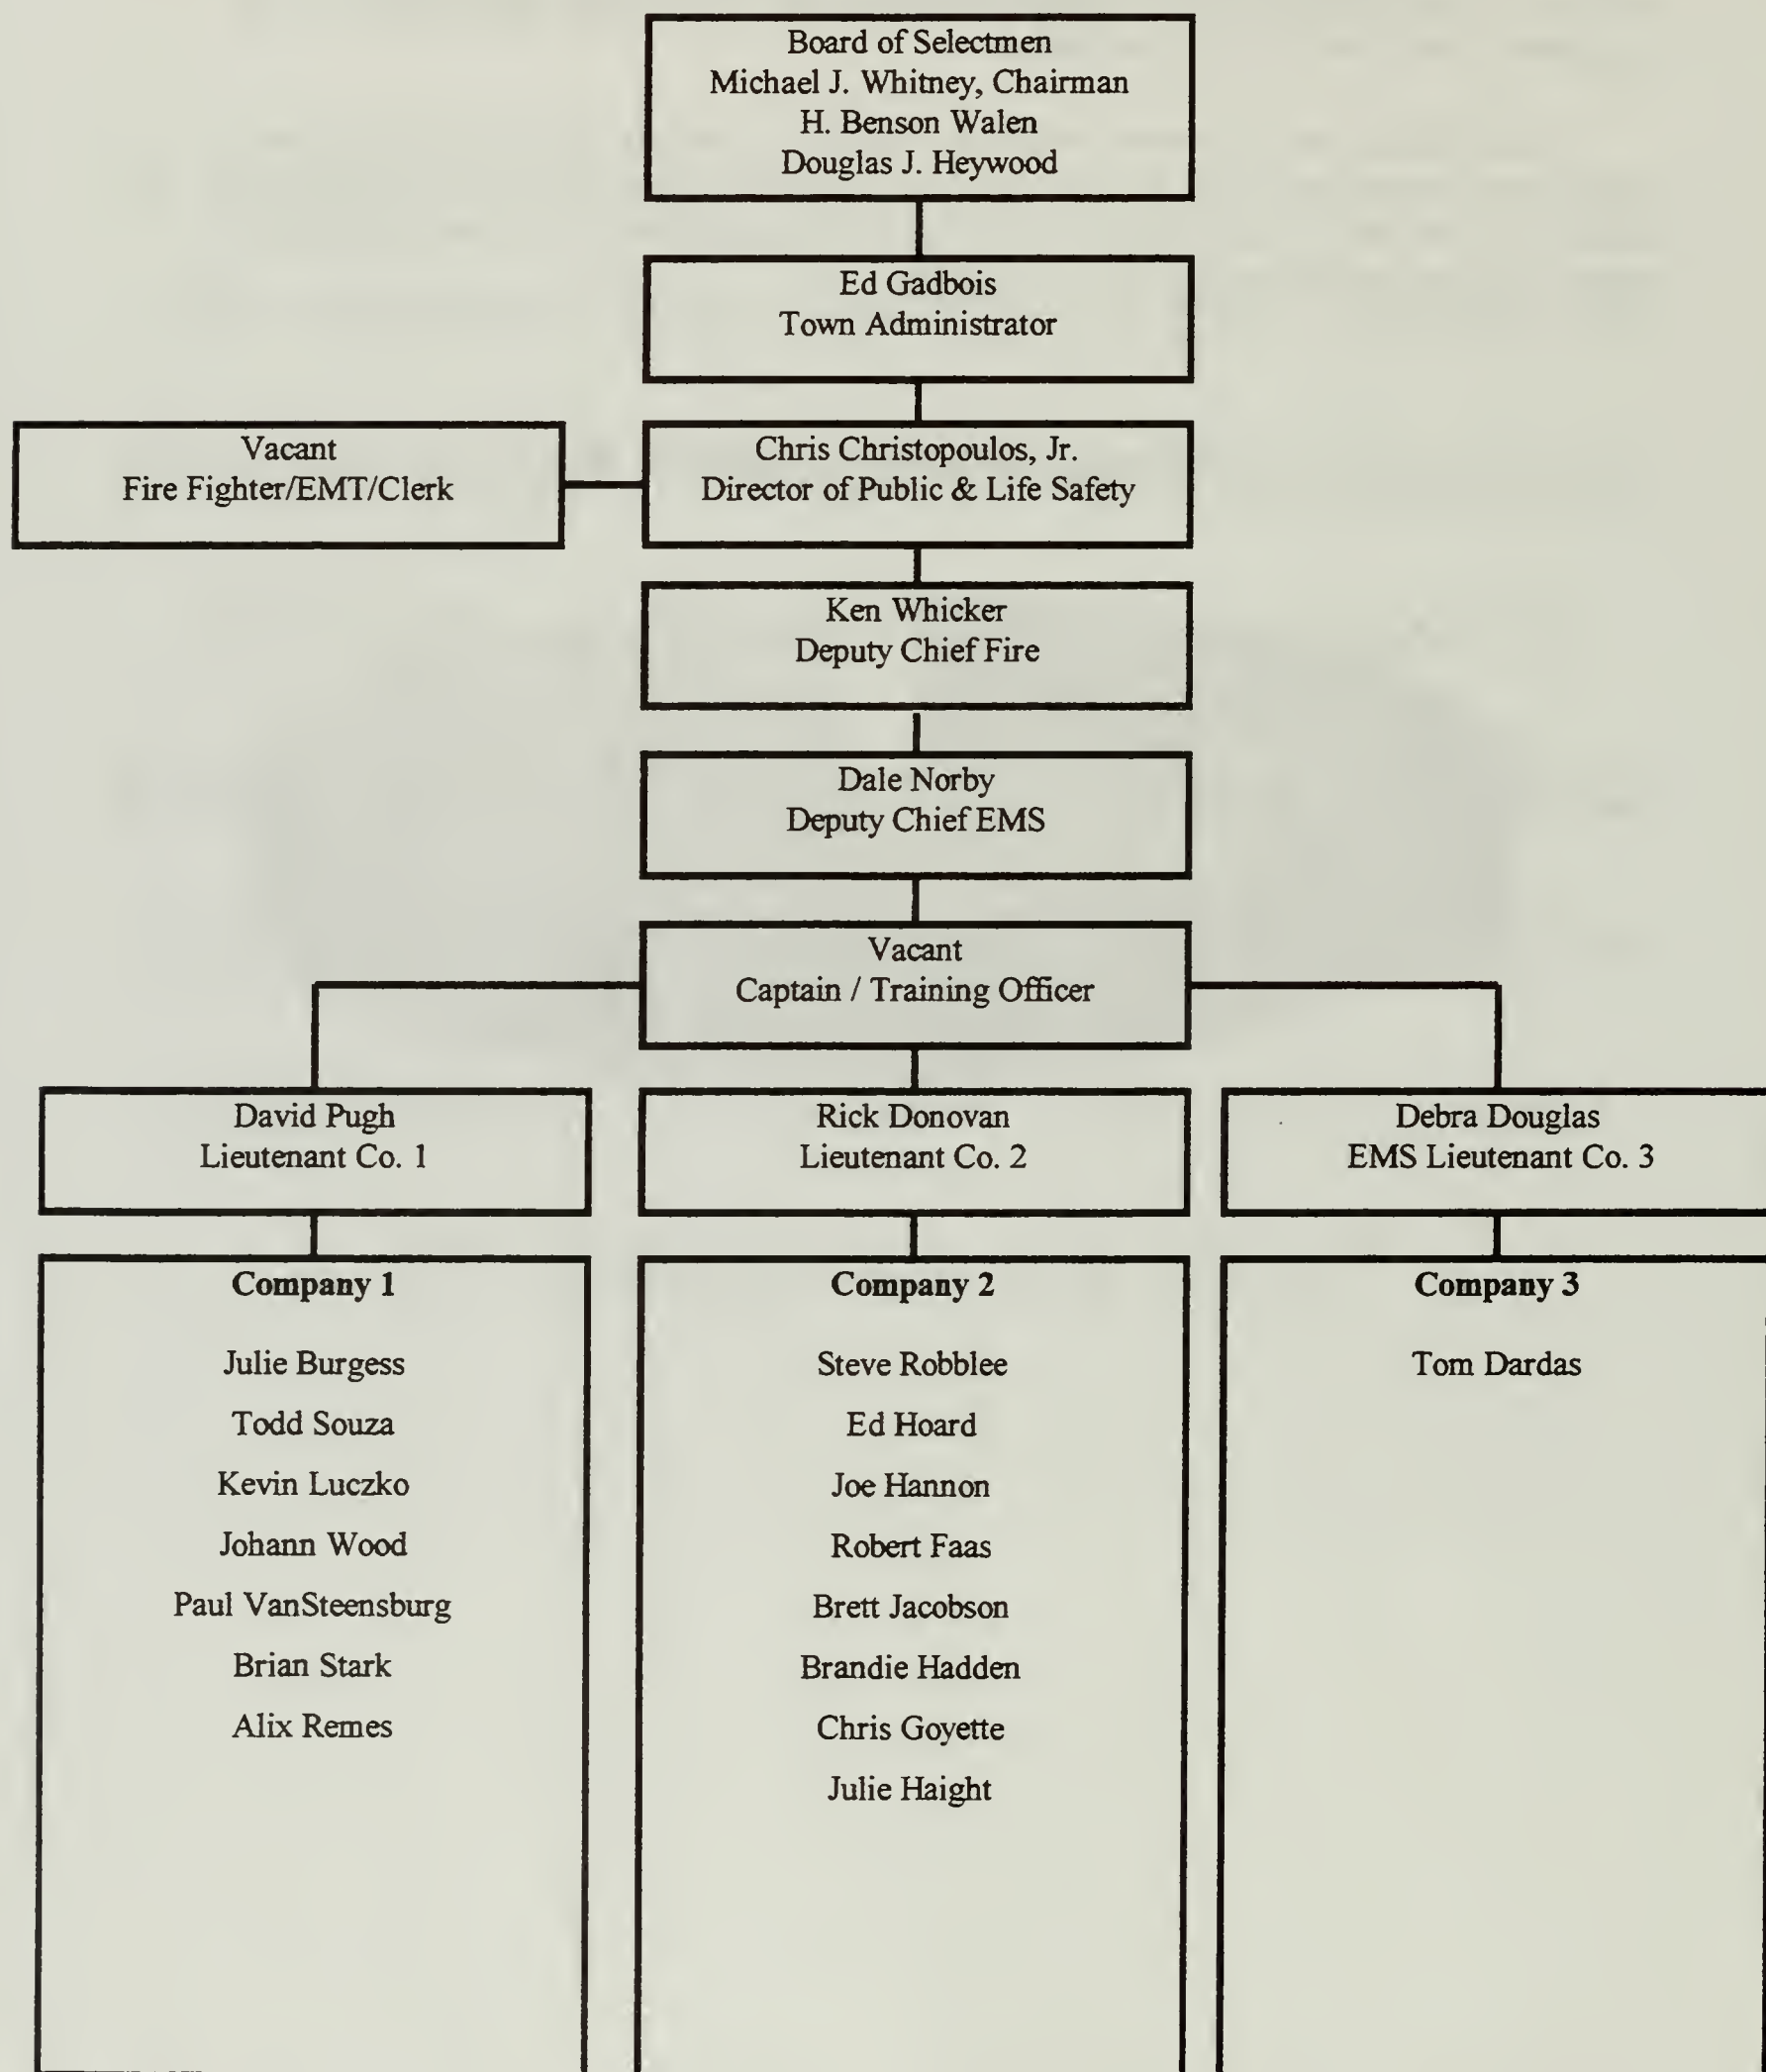

The Rindge Fire Department maintains minimum training levels for all emergency responders in accordance with the National Fire Protection Association's recommendations. All members are required to participate in mandatory training, infectious disease training and monitoring, and mandatory random drug testing.

Total Personnel = 23

Rindge Fire Department Organizational Chart

FIRE PREVENTION & EDUCATION

Out of all of the statistics for the Year 2000, I am proudest of the fact that there was only one House or Building Fires within the Town of Rindge in the Year 2000. This fire was caused by arson and the responsible party was prosecuted.

Fire Prevention and Public Education accounted for several hundred man-hours throughout the Year 2000. The Rindge Fire Department's theme of "Visit the Fire Station" during Fire Prevention Week in October provided students from Rindge Memorial School, Heritage Christian School and Jaffrey Head Start with the opportunity to see where the fire fighters work. It was a very successful program! The Rindge Fire Department once again provided hundreds of man-hours in public service to local organizations throughout the year. Some of these include: POOR, RAMS, Rindge Recreation Department, Boy Scouts, and the Cub Scouts. The Rindge Fire Department continues to reach out to local businesses offering Fire Safety Training, Fire Extinguisher Training and Hazardous Materials Training to employees. As a part of reaching out to our "Fire Prevention through Education" theme, we have conducted training in fire safety and fire extinguisher use to all of the Resident Assistants and Resident Directors at Franklin Pierce College. This will continue as an annual orientation to help maintain a fire safe college campus.

As a part of the Rindge Fire Department's "**FREE Home Fire Safety Inspection**" program, we still have **FREE** smoke detectors available to any homeowner. Contact the Fire Chief's Office at 899-3195 for more information.

The Rindge Fire Department began writing monthly fire safety articles for the "Rindge Connection". This has allowed us to reach everyone in town and we have received very positive feedback. These articles will continue in the Year 2001. If anyone has topics they would like us to write about, please contact the Fire Chief's Office at 899-3195.

Fire Safety Inspections as mandated under the New Hampshire State Fire Code have been performed on over 96 % of all business occupancies and multi-family dwellings located in Rindge. This area will continue to change as the Town of Rindge grows and will remain a priority within the Rindge Fire Department to protect the safety of all those who live and work in Rindge.

EMERGENCY MEDICAL SERVICES

The Year 2000 saw a 45% increase in the number of emergency calls handled by the Rindge Fire Department. Some of this increase can be attributed to the department's response to automatic fire alarms at Franklin Pierce College. This was an overlooked area in the past and is mandated by State of New Hampshire Fire Code. The total number of emergency calls for 2000 was 493, resulting in over three thousand man-hours. Emergency Medical Calls continue to make up 52 % of our call volume. The Rindge Fire Department is proud to have 3 new Nationally Certified Emergency Medical Technicians.

FIRE SUPPRESSION

In 2000 the Rindge Fire Department responded to one structure fire resulting in a total dollar loss of approximately \$20,000. This fire was an arson fire on Route 119 and the responsible party was prosecuted. While this is only a small percentage of our total emergency calls, the Rindge Fire Department must still maintain a high level of preparedness for fire fighting. This readiness is accomplished through a progressive in-house mandatory training program. The number of mandated hours of training continues to increase as new fire fighter health and safety programs are developed or updated. This in turn places a further burden on all fire fighters. The members of the Rindge Fire Department participate in this training without complaint, understanding its importance to their safety and professionalism. In the Year 2000, the Rindge Fire Department began hosting an in-house Level I Firefighter program. Currently, we have 7 members enrolled in the program. *By hosting this class in-house and by utilizing in-house certified instructors, the total savings to the taxpayers is \$5000.00.*

COMMUNICATIONS

Southwestern New Hampshire Fire Mutual Aid located in Keene provides all emergency communications for the Rindge Fire Department. This is a vital service and with our current call volume, provides a cost-effective means for communications for the citizens of Rindge. In the Year 2000 the Rindge Fire Department was able to purchase 8 new portable radios at a total cost to the taxpayer of \$400.00, due to the receipt of a State of New Hampshire Forestry Grant received in the Year 2000.

FACILITIES

The Rindge Fire Department operates out of one fire station located on Main Street, central to our response area. This building currently provides the adequate space for all equipment needs; however, this building has not received any major renovations since 1976 and is in need of some upgrades. Ongoing preventative maintenance continues with recent roof repairs, a new fire-rated dropped ceiling in the two-bay section and day-to-day housekeeping.

The Year 2000 saw the installation of a point of release diesel vehicle exhaust system. The total cost for this system was \$34,400.00. This system will remove harmful diesel exhaust vapors and gases and will in turn provide for greater protection of all who use or visit the fire station. Future plans include installing a water treatment system. Currently, the well water for the station has levels of minerals that are damaging the paint on all department vehicles. The cost estimates for the necessary equipment are between \$13,000 and \$18,000. This is compared to repainting a piece of apparatus at a cost of \$15,000.

APPARATUS & EQUIPMENT

The Rindge Fire Department has an on-going vehicle maintenance program in an effort to keep all emergency apparatus at a state of constant readiness. This program includes basically three phases: in-house bi-weekly vehicle checks; in-house fluid, filter, and lubrication, as well as, pump and ladder maintenance; and lastly, major repairs performed by outside contractors. The cost of preventative maintenance is far less than the purchase of new apparatus. In our long-term planning, we have scheduled vehicle replacements based on the National Fire Protection Association's recommendations of a 20-year lifespan on fire apparatus. With current apparatus and future growth, this 20-year cycle will keep the Rindge Fire Department a modern and progressive organization.

In the Year 2000, the Rindge Fire Department replaced our 1976 Chevy Forestry with a 2000 Ford F-450 Custom Body Forestry Unit (see cover picture) and the 1992 Ford Crown Victoria Chief's vehicle with a 2000 Ford Explorer.

2000 Ford Explorer – Fire Chief's Vehicle

In an effort to keep all equipment at a state of readiness, the Rindge Fire Department maintains and tests all department equipment throughout the year. Generators, portable pumps, chain saws, vent fans, and automatic defibrillators are tested bi-weekly. Ground ladders are cleaned and tested by an independent test company on an annual basis. All Self Contained Breathing Apparatus are cleaned and tested weekly, as well as serviced by the manufacturer annually.

FUTURE CAPITAL NEEDS

In developing our Capital Improvement Plan this past year, the Rindge Fire Department realized many future needs to maintain the highest level of readiness and protection to the Community of Rindge. The department members and officers spent many hours looking into the next six years and will begin to look further into the future in the new-year. As with any plan, it must be a living document and will change as the department changes. Below is an outline of the Rindge Fire Department's Capital Improvement Plan for the next six years.

Year 2001

- Install water treatment system
- Replace all Self-Contained Breathing Apparatus

Year 2002

- Replace 1980 Chevy Tanker

Year 2003

- Incorporate Ambulance Service into Fire Department
- Fire Station Improvements

Year 2004

- No Capital Improvements Scheduled

Year 2005

- No Capital Improvements Scheduled

Town Forest Fire Warden and State Forest Ranger Report

There are 2,200 Forest Fire Wardens and Deputy Forest Fire Wardens throughout the state. Each town has a Forest Fire Warden and several Deputy Wardens who assist the Forest Rangers with forest fire suppression, prevention, and law enforcement. The number of fires reported during the 2000 fire season was below average as referenced in the statistics below. Despite this, our network of fire towers and detection patrols were still quite busy with the fire towers being first to report over 135 fires. These fires were quickly and accurately reported to the local fire department for their prompt and effective suppression efforts. Wildland fires occurring in areas where homes are situated in the woodlands are a serious concern for both landowners and firefighters. Homeowners can help protect their homes by maintaining adequate green space around them and making sure that houses are properly identified with street numbers. Please contact the Forest Protection Bureau to request a brochure to assist you in assessing fire safety around your home and woodlands.

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing **ALL** outside burning. Fire permits are required for any open burning unless the ground is completely covered with snow where the burning will be done. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are eleven Forest Rangers who work for the New Hampshire Division of Forests and Lands, Forest Protection Bureau. Forest Rangers have investigated numerous complaints regarding violations of the timber harvest and forest fire laws, and taken enforcement action to ensure compliance. If you have any questions regarding forest fire laws or timber harvest laws, please call our office at 271-2217, or for general information visit our website at { [HYPERLINK http://www.state.nh.us](http://www.state.nh.us). }

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection system and reports from citizens aid in the quick response from local fire departments. These factors are critical in controlling the size of wildland fires, keeping the loss of property and suppression costs as low as possible. Due to permitting and fire safety concerns, please contact your local fire department **BEFORE** using portable outdoor fire places and vessels, including those constructed of clay, concrete or wire mesh.

Please contact your local fire department before doing **ANY** outside burning.

Rindge Building Department Annual Report

Mr. Edgar Gadbois, Town Administrator
Town of Rindge
49 Payson Hill Road
Rindge, NH 03461

Mr. Gadbois:

The Year 2000 proved to be another busy year for the Town of Rindge Building Department. During the year my office performed over 400 inspections on permitted building projects. Customer service will continue to be a priority of the building department for the new-year. Among some changes planned for the Year 2001 are a pamphlet outlining the building permit process, data entry to better enforce the Town of Rindge Sign Ordinance and seeking the public's input into the building permit process for the Town of Rindge.

With continued low interest rates in 2000, the construction industry in Rindge continued to boom. The Town of Rindge Building Department issued one hundred twenty one (121) building sub-trade (plumbing, electrical or mechanical) permits; seventy six (76) accessory building (garages, sheds or additions) permits; forty four (44) new residential building permits and two (2) commercial building permits. All of these permits generated revenue to the Town of Rindge totaling **\$32,330.65**.

Permit Fees Year 2000

5-Year New Residential Building Permit Trend

As we look ahead, the Town of Rindge continues to grow and the Year 2001 shows no sign of the construction industry slowing down. With this growth we begin to see a strain on all town services and careful planning must be done to facilitate this growth. In addition to several new homes planned, a 15-lot sub-division is proposed on Middle Winchendon Road, and Franklin Pierce College is planning an addition to the library building, expanding it to become the Marlin Fitzwater Communications Center. I look forward to the new-year and working with the citizens of Rindge.

Sincerely,

Chris Christopoulos, Jr.

Rindge Recreation Department

Annual Report - 2000

MISSION STATEMENT

The mission of the Rindge Recreation Department is to offer a variety of high caliber programs for all ages to meet the needs of the Rindge Community; and to provide & develop safe, quality recreational facilities that will serve the community now and for future generations.

The Recreation Department strives to offer a balanced selection of programs for the Rindge Community. I would like to thank the citizens of Rindge that took the time to fill-out and return our community recreation survey. You are our most valuable resource.

The year 2000 has brought some wonderful additions to the Recreation Department & the Rindge Community. There was a considerable amount of work done to Wellington Park. We have also been able to increase the programs that we currently offer, to better meet the needs of the community and provide a greater variety. These improvements and additions are listed below.

The Rindge Recreation Department would like to say thank you to Principal Stone & his staff at the Rindge Memorial School for their cooperation and help to offer the best possible programs. The Recreation Department is responsible for scheduling the school Monday through Friday 4pm to 10pm, and all day Saturday and Sunday.

The Revolving Account has become an asset to the department as a means to help create and expand program opportunities. This account allows revenue to self-fund a majority of our programs. Some programs have not yet become self-funded do to their immaturity. The department is very conscious of our registration fees; we strive to keep all activity fees as low as possible; also we are always trying to work out the most reasonable package for a trip to make it affordable for all.

www.town.rindge.nh.us

None of our programs or improvements would be possible without the support and dedication of the numerous coaches, volunteers, community leaders and benefactors. Community groups such as the Rindge Youth Athletic Association (R.Y.A.A.), Rindge Athletic Men's Society (R.A.M.S.), as well as numerous individuals and all the generous donors are the backbone of our programs. The Residents of Rindge are fortunate to have such an extraordinary group of individuals that make up the Rindge Recreation Committee. Their commitment and effort should be applauded by all. To the Committee and the Rindge community for all of their support and tireless dedication to the Rindge Recreation Department, we say "Thank You."

Report of the Ingalls Memorial Library

Our volunteers have given us 1191 hours of service this year. We would like to thank: Joan Bray, Seth Chapman, Rose Dark, Kathy Fedorka, Betsy Harper, Flossie Hastings, Eva Hornak, Kathy Isakson, Carlton Jablonski, Leah Jablonski, Priscilla Leslie, Nancy Little, Alice Nagahiro, Mandy Paulowicz, Barbara Walsh and Margie Wetherbee for their dedication to the Ingalls Memorial Library. We would also like to thank parents and students from Franklin Pierce College for helping out with the summer reading program and other storytimes throughout the year.

They all help to make our library run smoothly throughout the year.

The Friends of the Library have also done a great job for us, again, this the year. The pass for Strawberry Banke in Portsmouth is now available. Book sale money makes it possible for the group to purchase this pass for your use. Another pass we have available is to the Seacoast Science Center at Odiorne State Park in Rye provided by the generosity of the Rindge Woman's Club.

Our library is open 31 hours per week.

Ingalls Memorial Library Report of the Trustees

Last March the Town voted to remove \$350,000.00 from our Capital Reserve Fund to make the library handicap accessible. Since then much of the Trustees time has been spent meeting with our architect and members of the Building Committee.

The first part of this process was to remove asbestos from pipes and floor tiles. This was completed this past spring. Some of the preparatory work such as removing ceiling tiles, toilets, and sinks was done with the help of the building committee members and other library volunteers and members of the Friends group. Their efforts helped to lower our costs.

Our plan is to start the rest of the accessibility work in the spring of 2001. This work will include a new entrance and elevator into the building. We also have to provide heat to the new entrance area. Costs for new paint, carpet and furniture were not included into our budget. We are still concerned about ways to lower our heating and electric costs for the older sections of the library as well as our every-increasing space problems. Some may not be aware that all our books are not out on the shelves. Some are stored in our basement. If you are looking for a particular book, make sure to check the card catalog if you don't find it on our open stacks.

As many people in Town know, Clarence May who was our Chairman, passed away last spring. His humor, hard work and calming voice are missed by all of us in the library. Kathy Fedorka, who has been an active patron and volunteer, replaced him.

We would like to thank our Director and staff for their hard work during the year. We would also like to extend a special thanks to our volunteers, Friends group and Building Committee for their hours of extra effort.

HCS - Home Healthcare, Hospice and Community Services

December 15, 2000

Board of Selectmen
P. O. Box 163
Rindge, New Hampshire 03461

Dear Selectmen:

Enclosed please find the HCS - Home Healthcare, Hospice and Community Services - Annual Report to Rindge. The Annual Report includes statistical and financial information about the services provided to residents this year. We hope that you will consider including this information in the Town Report to let residents know about the services that are available to them.

For the year 2001, we are requesting a home care appropriation of \$4,759.00; this total is made up of \$3,759.00 for membership services and \$1,000.00 to be available for care that may be required beyond the membership services for residents who are low income and uninsured. "Membership services" include a basic package of services, such as assessment visits by the visiting nurse, prenatal care for low income women, well child clinics for income eligible families, home visits by the medical social worker and registered dietitian and wellness clinics held in Rindge.

We are also requesting an appropriation of \$1,445.00 to continue the Meals-On-Wheels program for homebound residents. This request is based on the number of meals delivered in the town during 2000.

HCS continues to seek funding for patient care from a variety of sources. In 2000, funding from other sources, including state and federal assistance, helped us to contain the cost of home care services within the town's appropriation for the membership fee. Other funding can be uncertain, however, and we respectfully request that the home care appropriation remain at the current level.

Please do not hesitate to contact me at 352-2253 if you have any questions regarding this request.

Sincerely,

Susan Ashworth

HCS - HOME HEALTHCARE, HOSPICE AND COMMUNITY SERVICES
REPORT TO THE TOWN OF RINDGE
JANUARY 1, 2000 TO DECEMBER 31, 2000

ANNUAL REPORT

In 2000, HCS - Home Healthcare, Hospice and Community Services continued to provide home care and community services to the residents of Rindge. The following information represents a projection of HCS's activities in your community in 2000. The projection is based on actual services provided from January to September 2000 and an estimate of usage during October, November and December.

*Home and Community Based Care is a Medicaid program which offers extended home care services to individuals who are in need of nursing home level care but can be maintained at home for a lower cost.

Total Unduplicated Residents Served: 128

Prenatal care, hospice services and regularly scheduled wellness clinics and child health clinics are also available to residents. Town funding partially supports these services.

FINANCIAL REPORT

The actual cost of all services provided in 2000 with all funding sources is projected to be \$201,794.00.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by the town. In 2000, town support totaled \$3,759.00 for home care and \$1,445.00 for the meals-on-wheels program.

For 2001, we request a total appropriation of \$4,759.00; \$3,759 for the membership fee to cover basic services and \$1,000.00 to be available should home care services beyond those covered in the membership fee be required for low income, uninsured residents. We are also requesting \$1,445.00 for the Meals-On-Wheels program for Rindge residents. Thank you for your consideration.

Report of the History Committee

Over the years, the duties of the Rindge History committee and the Rindge Historical Society have overlapped. In this regard, the Society has taken on many of the projects of the History committee. However, we still remain active.

We continue to offer our services for genealogical inquiries. We get dozens a year from all over the United States. With the use of the "web" we've been able to help them delve into their past with wonderful results.

We also continue to keep files on the old homes in Rindge. We are always interested in hearing from anyone who has an old home so that we may catalogue it.

We also collect all old photos of Rindge. Over the years the town has lost many historic sites to fire. Unfortunately, neither the History Committee nor the Historical Society had pictures of them. Thanks to the generosity of many residents this past year we've acquired photographs of Rindge Center before the fire in the 1920's, as well as photographs of Rindge Center after the tornado of the same decade. These pictures have helped us preserve the historic integrity of the town.

Our annual Civil War program, which we provide for the fifth graders at the Rindge Memorial School went on as planned and was a sensation. The re-enactors from the 4th N.H. Volunteers outdid themselves again. These dedicated gentlemen who come from all over N.H. offer something new and exciting in their program every year. This year it was two drummers who taught the children the important role of drums played in battle. This program is funded by P.O.O.R. and the History Committee would like to thank them for their generosity.

Last, but not least, **RESEARCHERS WANTED!** Do you have a particular interest in a specific area, ie, railroads, one of Rindge's many lakes, commerce, etc. and would like to help us in our research? We need you!

If you are interested in helping with our work, please call the writer, Linda Bussiere at 899-5558.

Once again we'd like to thank all of those who've helped us and continue to help us preserve the history of Rindge.

Report of the Rindge Rails/Trails Organization

A year ago, a new Rindge Organization was created and approved by the state – The Rindge Rails/Trails Organization. The purpose is to help oversee and maintain the six miles of Railbed, formerly the Boston & Maine Railroad, which runs from Winchendon to Jaffrey. Members of the Rindge Snowmobile Club had been voluntarily doing work on the Trail for some years previously.

The new organization was originally approved and sponsored by the Rindge Chamber of Commerce Board of Directors in January of 2000 and then received state approval in March 2000. The idea and function of Rindge Rails/Trails is to oversee activities on the six miles of trail, formerly railbed, which runs from South to North through the middle of the Town. The old depot was in West Rindge Village. The uses of the trail will be both educational and recreational – that is for anything from nature walks by students to Snowmobiling, Skiing, Horse Riding and Other Recreational Activities. There are, however, certain Recreational Activities, which are expressly forbidden by the state. These include all motorized vehicles, except Snowmobiles and ATV's and these only during the snow season. This is mandated by state law. To help implement this, there are metal bar gates anywhere the trail crosses a road, which are locked except during the times of snow cover.

Since its creation last year, Rindge Rails/Trails has been able to accomplish much. We have established a good, working relationship with Franklin Pierce College and hope to do the same with the district schools. The nine member board is a good sample of Town institutions: Chamber of Commerce, Snowmobile Club, Franklin Pierce College, Selectman, School Committee Member, and a Newspaper Reporter. The board members serve for Three-Years with three coming up for election each year. Meetings are once a month.

A brochure has been designed and printed. The design was by a Franklin Pierce College Student. It is available at the Town Offices and at 17 Hunt Hill Road, which is our present Headquarters and Address.

Board of Selectmen
Town of Rindge
Rindge, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Rindge, New Hampshire, as of December 31, 1999 and for the year then ended. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Rindge, New Hampshire, as of December 31, 1999 and the results of its operations and the cash flows of its proprietary and similar trust fund types for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Rindge, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Respectfully submitted,

Mason + Rich, P.A.
